M+S

# Stable, durable and economical choice

Description	LI/SS					Product code
		RRC Class	Wet class	Noise dB	Noise waves	
385/55R22.5	160J	C	C	73	2	T675143
385/65R22.5	160J	C	C	73	2	T675142

M+S

Official winter tyre approval (3PMSF)

For demanding year-round use on trailers and steer axles

The four-grooved tread pattern and sturdy shoulders improve the durability of the tyre

The zigzag shaped grooves reduce stone trapping and improve driving comfort

Cost-effective choice for use on main roads

Even wear shape and good shoulder durability

Low rolling resistance and rolling noise

Driving Safety Indicator (DSI) makes it easy to check the remaining tread depth
