HAKKAPELIITTA[®] R5

PASSENGER / CUV

PURE SAFETY

The new Nokian Tyres Hakkapeliitta[®] R5 is a Nordic studless winter tire for passenger cars crafted to deliver uncompromising grip and smart driving for every day of winter. Offering the purest form of safety, the Hakkapeliitta R5 is an innovative combination of pure winter grip, silence and green driving comfort.

The Hakkapeliitta R5 offers impeccable grip and maximum driving comfort with green driving features designed for the northern winter. The non-studded winter tire offers best-in-class grip and handling thanks to **Arctic Grip Crystals**, microscopic crystals embedded throughout the tread compound that work like built-in studs, creating sharp, tough grip edges inside the rubber. As the tire wears down, the crystals emerge and activate a vital grip reserve.

The new Hakkapeliitta R5 is a very comfortable tire to drive, featuring stable handling, smooth driving and pleasant sound levels thanks to a new **Silent Touch tread design**. It's a quiet, comfortable ride – Nokian Tyres crafted the tread to eliminate the most disturbing noise peaks the human ear can detect. This selective elimination results in less interior noise and pure driving comfort.

Nokian Tyres designed the new Hakkapeliitta R5 to leave a lighter carbon footprint. The new, eco-friendly **Green Trace compound** offers safe and green driving due to ingredients like natural rubber, recycled steel and plant derived oils. One third of the compound consists of renewable and recycled materials, which makes the tire durable, sustainable, and wear resistant.

- Pure winter grip and balanced handling
- Supreme driving comfort and silence
- Eco-friendly mobility with fuel savings
