TYRES

Nokian Hakka Truck 844

Durability for demanding use

Nokian Hakka Truck 844 is an economical, safe and quiet tyre for year-round use both medium and long haul. It is the first trailer tyre in this size on the market with both the M+S and the snowflake marking, which is the official winter tyre approval.

M+S

Official winter tyre approval (3PMSF)

Cost-effective choice with good grip for trailer and steer axle use on main roads

A new type of belt construction provides even tyre wear and ground pressure

The Spiral Sipe System maintains its reliable grip even when worn

Stone ejectors in the main grooves reduce stone trapping

Excellent casing load capacity and suitability for retreading

Also available as Nokian Noktop 44 pre-cured tread

Driving Safety Indicator (DSI) makes it easy to check the remaining tread depth
