

nokian[®]
TYRES

Nokian Hakkapeliitta TRI

The first winter tyre for tractors, Nokian Hakkapeliitta TRI, gives you all the grip you can get. Featuring all new rubber compound, tread pattern and contact profile, it's designed for single purpose: to give you all the grip, control and efficiency you need for demanding winter contracting.

Innovations to beat the winter

Size	LI / SS	Rim	Width	Diameter	Load static radius	Rolling circumference	Speed Radius Index	Max inflation pressure	Load capacity kg				Product code

Precise control and great efficiency

Specially developed compound to work on low temperatures and icy surfaces

Even further developed low rolling resistance saves fuel

New revolutionary tread design and the first tractor tyre with siping and activators

Driving comfort on class of its own

Known Nokian excellent wear resistance adds efficiency

Worlds' first tractor tyre with low vibration design known from passenger and truck tyres

Superior traction and lateral grip

More gripping edges in contact with driving surface. Evenly distributed surface pressure ensures great grip.

Excellent and predictable handling properties add productivity
