

A large truck tire is the central focus, mounted on a silver hubcap. The tire tread is clearly visible, showing a pattern designed for winter conditions. The tire is part of a green truck, which is partially visible in the background. The truck is driving on a snowy road, with a forest of evergreen trees in the distance under a bright sky. The overall scene is set in a winter environment. In the bottom right corner, there is a smaller, isolated image of the same tire, showing its tread pattern more clearly. The background of the bottom half of the image is a solid green color with some white splatters.

Nokian Hakkapeliitta Truck D

Grip and stability for long winter haul

Nokian Hakkapeliitta Truck D is a durable, stable winter traction tyre for long-haul freight and bus traffic. With its varied set of features it is more than ready for rough northern roads.

Nokian Hakkapeliitta Truck D

Grip and comfort throughout its life span

Description	LI/SS	RRC class	Wet class	Noise dB	Noise waves	Product code
295/80R22.5 HKPL TRUCK D	152/148M	E	C	74	2	Available summer 2014
315/70R22.5 HKPL TRUCK D	152/148M (154/150L)	E	C	73	1	Available summer 2014
315/80R22.5 HKPL TRUCK D	154/150M (156/150L)	E	D	76	2	T675030

Patented Twin block pattern enables dense siping, improving driving stability

Deep 3D siping maintains its outstanding grip even when worn

Optimised block division and even surface pressure ensure even tyre wear

Tread sipe activators boost the action of the siping in rapidly changing weather conditions

Traction booster zigzag pattern provides improved longitudinal grip

DSI (Driving Safety Indicator)

WSI (Winter Safety Indicator)
