TYRES

Nokian Excavator

Excavator tyre for soft surfaces

GRIP THAT'S GENTLE TO LAWN

Nokian Excavator is a special tyre for excavator use. Combining grip, stability and low surface pressure, it is your ideal choice for parks, yards and muddy surfaces. And when you drive on road, its low vibration means smoother transits. When you need grip that's gentle to lawn, Nokian Excavator is your tyre of choice.

TECHNICAL SPECIFICATIONS

Nokian Excavator

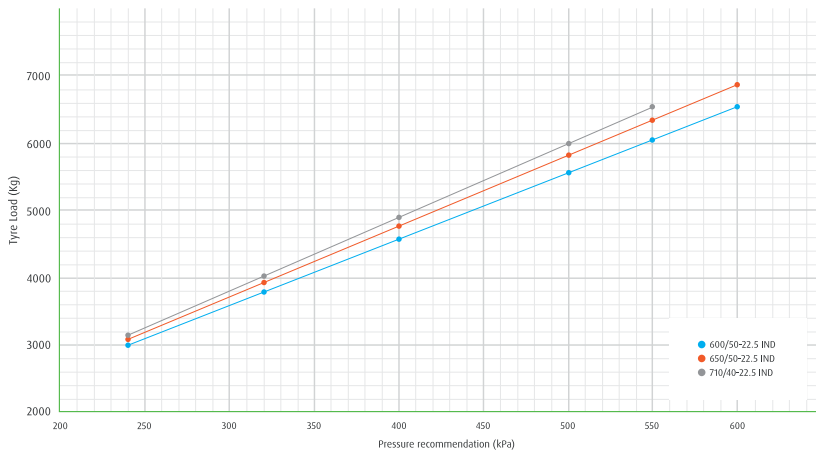

Size	LI/SS	PR	TT/TL	Rim	Permitted rims	Width mm	Diameter mm	TD mm	Loaded static radius mm	Rolling circumference mm	Max. inflation pressure kPa	Product code
600/50-22.5	165A8	20	TL	AG20.00		600	1150	40	524	3506	450	T445633
