NOKIAN MPT AGILE 2

NEW GENERATION TIRE FOR SPECIAL ON AND OFF-ROAD VEHICLES

In critical rescue and defense applications, you will need high mobility on whatever surface the job at hand takes you. **Nokian MPT Agile 2** is an off-road tire developed in co-operation with The Finnish Defense Forces for varying Nordic conditions, making the tire very suitable for all-terrain trucks, defense and heavy rescue vehicles.

RELIABLE IN ALL SEASONS

Improved grip on soft surfaces such as mud and snow.

AGILITY AND STABILITY

Good steering response and stable handling on different terrains and speeds.

ALL-NEW DESIGN

Symmetrical tread pattern is designed to perform equally well regardless of the tires' rotational direction.
